

Red Barons RC Flying Club Event

AMA REQUIRED

\$ 5.00 ENTRY FEE

the **nats** *asty* *iplanes* *hat're* *mall*

Food & Drinks

Raffle prizes for all participants.

What?

A one day event for small airplanes. You won't have the big guys pushing you around.

.15 / Speed 400 or smaller power plants

When?

Saturday, October 13th, starting at 9am

Where?

Red Barons Field

****FIVE EVENTS PLUS DEMO FLIGHT AT LUNCH****

- 1) **Timed Flight:** A purely luck event. Everyone flies from 45 sec. to 3 min. and records their time. The winning time is then drawn out of a hat.
- 2) **Spot Landing:** Engine out or idling. Once wheels touch ground, throttle can't be advanced. Plane comes to stop and closest point of plane to SPOT is recorded. Closest to SPOT wins.
- 3) **Smallest Plane:** Longest wing PLUS overall fuselage length from end of prop shaft or spinner to aft end of plane or "aft" protrusion. Plane must ROG, turn left, turn right, then land...**GLOW ONLY.**
- 4) **Limbo Contest:** Plane flying under lowest "cross bar/tape" wins. Winning plane must be flyable after contest (ie: cannot crash!)
- 5) **Hands-Off:** Pilot takes off, trims plane, sets TX down (timer starts). Plane must stay in boundaries. Timer stops when pilot touches TX.

PILOTS' MEETING 8AM...CONTESTS BEGIN 9AM

NEED FIVE PILOTS FOR ELECTRIC PYLON RACE @LUNCH!!!

First come, first serve...Register with CD Don Stroot 771-8460
